Keep in mind as you are looking for Experiences, that events fall into either a spiritual, a social, or a service aspect of parish life:

Spiritual = Inspire

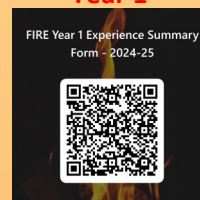

Social = Relate

Service = Engage

If you are volunteering at an event, it will typically fall into the Engage (service) category. If you are attending an event strictly in a social capacity, it will fall into the Relate category. Spiritual events are typically prayerful experiences which Inspire you to grow closer to God and/or Inspire others to grow in their faith.

Remember to complete an Experience form within a week after your participation to receive credit.
